- Download security tips for your home or business

THE LOCAL NEWS

Volume 1, Issue 1

February 2008

Welcome to our first newsletter.

Local Locksmiths would like to take this opportunity to welcome all new clients and to say a warm thank you to our existing customers, for your continued business and trust in our company.

In 2008, we will be implementing a quarterly newsletter, which will also be posted on our new and improved website. We hope to keep you up to date with new products and information to assist with your security needs.

Website Redevelopment

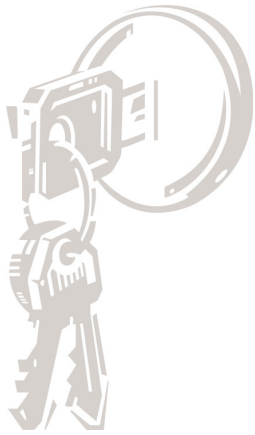

As of March 2008, our new redeveloped website will be up and running. You will find us at:
www.locallocksmiths.com.au

There have been some major changes to the design and layout and we hope you find it easy to navigate.

The most important change is our new page for **online ordering**. Here you will be able to book a locksmith to come to your premises, request a quote, order stock, make general enquires, or place an order for keys, including restricted keys. Please contact Lindsay West at our head office to obtain your unique code for restricted keys. Please note that this unique code is not the system number, it is a verification code to enable us to identify that you are authorized to order the keys. Our current system requires a signature from the authorized nominee of your system, and you will still be able to order restricted keys using this method.

We will contact you to confirm all bookings

For more information please contact Lindsay West at our Head office on 9428 2836 or send us an email—info@locallocksmiths.com.au

‘When Service Matters’

Training, Development & Security

As part of our commitment to our customers, and in line with the Victorian government initiative, our staff have recently undergone working with children checks (WWC). A unique monitoring and protection strategy implemented to ensure that whilst working onsite at schools and childcare facilities, staff and children are safe guarded.

This WWC Check is only part of our commitment to provide a safe, secure and reliable service.

Local Locksmiths is a registered & licensed security advisor & installer.

We also ensure staff attend mandatory training and inductions for working safely at our customers sites.

If your company requires our staff to undergo any site specific training or copies of certificates, please contact Rebecca Walsh at our head office on 03 9428 2836.
